

## Programme

### 0830-0900 Arrival (coffee)

### 0900 Welcome and Introduction

Emma Culver / George Webster

### SESSION 1: Diagnosis

0915-0930 IgG4-related diagnostic & classification criteria:  
Is there a difference?

Emma Culver  
Hepatologist, Oxford

0930-0945 Imaging, pattern recognition and PET-CT

Dr Helen Bungay  
Radiologist, Churchill Oxford

0945-1000 Histological pitfalls and small sample size

Dr Manuel Rodriguez Justo  
Histopathology UCL

1000-1015 Interpretation of biochemical and serological flags

Ross Sadler  
Clinical Immunologist Oxford

Discussion 1015-1030

All

### Break 1030- 1100 Coffee and Biscuits (virtual poster and display boards)

### SESSION 2: Disease phenotypes; pitfalls and mimics

1100-1115 Dilemmas in IgG4-HPB disease: getting it right.

Dr Matt Huggett  
HPB Medicine, Leeds

1115-1130 Renal disease and RPF

Prof James Tomlinson  
Renal, Imperial

1130-1145 Diagnostic challenges in IgG4-related neck disease

Prof Stephen Porter  
ENT, Eastman Dental and UCL

1145-1200 Ocular manifestations and pitfalls

Dr Nima Ghadiri  
Ophthalmologist, Liverpool

1200-1215 Distinguish Vasculitis: mimic or overlap?

Prof Raashid Luqmani  
Rheumatologist, Oxford

Discussion 1215-1230

All

### Lunch 1230-1315 (virtual posters and display boards)

### SESSION 3: Disease activity and damage

1315-1330 Biomarkers for disease activity and monitoring

Prof Emanuel Della Torre  
Rheum/Allergy, Milan Italy

1330-1345 Damage and measure of organ dysfunction and fibrosis

Prof Ulrich Beuers  
Hepatologist, Amsterdam

Discussion session 1345-1400

All

#### **SESSION 4: Therapy**

1400-1415 Corticosteroids: who, when, how and type	Dr Joel David Rheumatologist, Oxford
1415-1430 Role of endoscopy in IgG4-RD	Dr Manu K Nayar Pancreatobiliary Physician, Newcastle
1430-1445 DMARDs to induct and maintain remission	Dr Maria Leandro Rheumatologist, UCL
1445-1500 Rationale and experience of B cell depletion	Prof David DCruz Rheum, Guys & St Thomas
1500-1515 Clinical Trials and Novel therapies in disease	Dr Emma Culver Hepatology, Oxford
Discussion 1515-1530	All
<b>Break Coffee and cake 1530-1600 (display boards)</b>	

#### **SESSION 5: Real-time Multidisciplinary IgG4 Meeting**

1600-1615 Role of the UK IgG4 MDT	Dr George Webster Pancreatobiliary, UCL
1615-1715 IgG4-MDT with audience participation Cases and MDT panel	
1715-1730 Unmet needs: where do we go from here	Prof Ellie Barnes Hepatology, Oxford
1730 Close	

**INVITATION TO SUBMIT VIRTUAL E-POSTERS: abstract e-book and virtual posters on demand**

**Free Papers and virtual posters**

*Malignancy and Lymphoma risk in IgG4-RD*

*Arif Huxenberg, Wycombe*

*Liver multiscan/MRCP-Plus for IgG4-SC/AIP*

*Emmanuel Selveraj, Oxford*

*Role of Fibroscan and ELF in IgG4-SC/AIP*

*Senam Kaur, Malaysia*

*UK National IGG4-MDT*

*Rory Peters, Milton Keynes*

*Application of the Classification Criteria in real time*

*Rory Peters, Milton Keynes*

*Cardiac manifestations of IgG4-RD*

*Rodrigo Vieira-Motto, Brazil*

*B cell depletion in UK cohort IgG4-RD*

*Charis Manganis, Banbury*

*PETCT in active and subclinical disease*

*Zara Small, Swindon*

*Outcomes of COVIDin IgG4-RD*

*Giuseppe Ramirez, Italy*

*Rhadio recording of DMARDS/Biologicals*

*RheumatologyTeam, Oxford*
